Reviewed responsibilities of the committee including policy implementation, review, and reporting to the board.

Reviewed finding in SNP administrative review and corrective action steps required

Explained difference between this committee and the established Employee Wellness Committee chaired by Lauren Oswald which has been in operation for several years and does a great job motivating employees to stay healthy and creating a healthy work environment

Utilized PSBA template to develop policy that is compliant with all federal regulations. The committee provided input on optional items and reviewed mandated items included in the template. The revised policy was unanimously approved by the committee and is being recommended to the board for approval on August 18, 2020.(First reading) The committee understands that the COVID-19 pandemic will require revisions to the policy and is prepared to meet when additional guidance is available.

Administrative regulations were reviewed by administrators and are being recommended as an attachment to the policy

The meeting was adjourned at 4:35pm

The next meeting has not been scheduled but committee members will be available for needed meetings
