Dream Team

A member of the Dream Team is coming to Tulpehocken 10th grade classrooms for an engaging exploration of manufacturing. The Dream team is a group of young professionals in the industry who devote time to come into schools to share about their careers in manufacturing. They provide an age-appropriate activity that teaches about manufacturing, from design to production, as well as, sales and marketing.

The PA Dream Team Berks County is managed by the Manufacturers Resource Center (MRC) in partnership with the Berks County Intermediate Unit and funded by Berks County Workforce Development Board, and United Way of Berks County. The goal is to share technical skills needed for STEM related careers and to reinforce the future of advanced manufacturing in Berks County.

ASVAB

Thursday, 4/13 @ 11:45 AM

The ASVAB is an aptitude assessment tool which is used for career exploration, military entrance, and Act 158 Alternate Assessment Pathway for graduation. Scores are not released to the military. **Students must register using the Career Portfolio Google Classroom and submit a permission slip by 4/4.**

Help Tulpy Win!!

Vote 3/8 - 3/10

Tulpehocken's Junior High What's So Cool Club has been working on video and editing skills as part of the What's So Cool About Manufacturing (WSCM) Video Contest. Tulpehocken's JH team competes against other schools in Berks and Schuylkill Counties.

Tulpehocken was assigned to Reading Bakery Systems in Robesonia. The team spent a day touring, interviewing, and filming on site. After filming, the team spent two months editing the footage and creating the video. The contest culminates with an award's ceremony at the Double Tree by Hilton, in Reading.

One of the award categories is Viewer's Choice. **Help Tulpehocken win by voting for their video on March 8, 9, and 10, 2023. People can vote multiple times. Have your family and friends vote. Share the voting link on Facebook and other social media apps. Spread the word via email.** The more people voting the better the chance of winning.

Work-Based Learning Internships

**Application now being accepted for
Summer 2023 and 2023-24 school year**

Work-Based Learning is a career preparation activity in which students are placed in a workplace to participate in and gain skills within a given industry and career field. Students gain a deeper understanding of the career through hands-on experience. Work-Based Learning is individualized and tailored to the needs and interests of each student in the program.

Interested students submit applications to the Tulpehocken Work-Based Learning Coordinator, who determines eligibility and possible appropriate placements. Students and parents are required to attend a work-based learning information session. Students complete applications and interview with the company Work-Based Learning site. The company ultimately decides if students are a good fit for their company and the work-based learning experience. Placements are not guaranteed.

	Fall Semester WBL Deadline	Summer WBL at Tulpy Deadline (custodial, IT and grounds-keeping)	Summer WBL Dead-line
Application due	4/7	4/7	5/8
Parent Meeting	4/20 @ 7PM or 5/18 @ 7PM	4/20 @ 7PM	5/18 @ 7PM

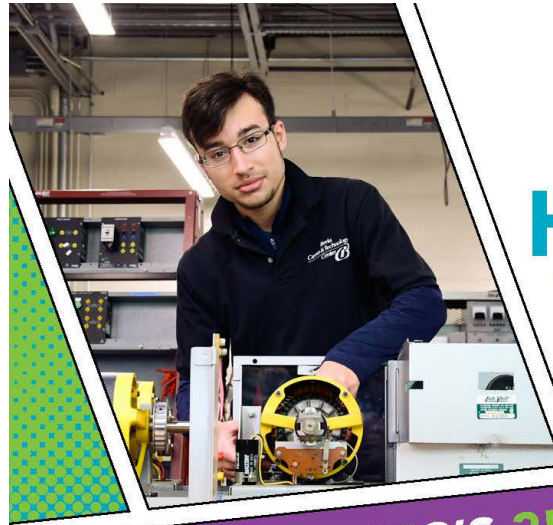

Home Health Care Competency Training

**Friday, April 14
9AM - 2PM**

The Center for Independent Living of Central PA will be holding a home care core competencies training class at Tulpehocken for students interested in health care, specifically home health care. Students who complete this one day training event will earn certifications in home care. The program is funded by the PA Department of Labor and Industry, so there is no cost to attend the training. Lunch is also provided, free of charge.

A minimum of seven students is required for the training program to be held. Maximum number to participate is 15. Registration is a first-come, first-served in the Career Portfolio Google Classroom.

Take advantage of this wonderful opportunity to get home health care certification while still in high school which could provide for full time work after graduation or part time work while furthering education.
